And What Have You

By BOB CRAIG

As you will note elsewhere, the speaker for the All-Sports Banquet Monday evening has been changed. Considering the fact that the change was one of those last-minute things I am glad to see that Coach Deane Wright was able to get Gene Mayfield to speak.

I have not heard Mayfield speak but, as the new West Texas State University Head Coach and one of the most successful high school coaches in Texas, he should be a good choice for a banquet speaker.

I suspect that the fact that Coach Mayfield and Coach Wright played together at WTSU had something to do with his coming on such short notice.

I hope that every sports fan in Hamlin will take the time to go to this banquet Monday.

The athletic program needs your support and the boys and girls who spend countless hours working to improve themselves need your encouragement. It takes an awful lot of work to build a winner and high school kids are no different from anyone else — they need encouragement.

These kids are smart enough to see that the other students get to leave at 3 every day to do whatever they want to do. It takes a lot of desire and the will to win to stick it out day after day and they need the support of the parents and fans to make it all seem worthwhile.

See you at the banquet Monday.

Being in the newspaper business we hear a lot of rumors that make the rounds. Some of these check out and aren't really what you would call rumors and then there are those that you can not find any reason for them having gotten started in the first place.

One of these rumors making the rounds now is the one about a list of drug users in Hamlin that is supposed to be in the hands of school officials but no action is being taken about those involved.

The funny thing about this rumor and many more like it is that the same rumor is making the rounds in other towns around here. In the case of the drug list the school officials of Aspermont issued a statement last week saying that "the rumor of an alleged list of boys and girls who are using narcotics is just a rumor and no such list exists to our knowledge."

In Aspermont the list was supposed to have been in the office of the principal and the FBI was supposed to have checked lockers in the high school and had cameras on the roof of the school.

A check here reveals that the rumors here have about the same status as those making the rounds at Aspermont—they are unfounded.

This past weekend we had an unfortunate accident that involved a stolen pickup that was run into a house. Like too many of us, the owner of the pickup had left the keys in the truck making it too easy for the one who "borrowed" the truck.

And if you would believe some of the messages on TV and some of the information put out by different organizations you might get the impression that the owner of the truck is more guilty than the person who stole it.

I just can not buy this kind of thinking.

Sure, I will admit that it likely would not have happened if the person who "borrowed" the pickup had not been able to find a vehicle with the keys in it. And because of this it is by far better not to leave your keys in your car — then it will not likely happen to you.

But as for this idea that you are leading someone astray by leaving your keys in your car I disagree.

Neinda Gin Sets Meeting Friday

The audit covering the past season's operations will be given and three directors will be elected. Refreshments will be served and dividend checks will be given.

Mayfield, one of the most outstanding quarterbacks in the history of West Texas State University returned to the university after earning great distinction as a coach at three Texas high schools. In 17 years his teams never had a losing season and they won one state championship and reached the finals on three occasions.

His 17-year high school coaching record shows 166

victories and only 35 defeats.

He was assistant coach at WTSU after graduation, then coached in Littlefield and then in Borger before going to Odessa Permian where he has been the past six years. While in Odessa his teams won 72 and lost only 10. In 1965, his first year, Permian won the state championship. In 1968 and again this past season, Permian lost to Austin Reagan in the championship game.

He is married to the former Mary Jean Hoover and they have one daughter and two sons.

Mayfield will be introduced by Hamlin Athletic Director Deane Wright who played football at WTSU with Mayfield.

Rev. Howard Jones, pastor of First Baptist Church, will be the master of ceremonies. The invocation will be given by Gene Johnston, minister of the Hamlin Church of Christ.

More than 90 athletes will be honored at the banquet. These include students that have participated in football, basketball, tennis, golf and track. The coaches will introduce the honorees.

Hamlin Gin Sets Meeting Tonight

Watts Fletcher, manager of Hamlin Farmers Coop Gin, urges all stockholders to attend the annual meeting at the high school cafetorium this evening (Thursday) at 7:30.

FIRE HAZARDS REMOVED — Work in the current clean-up campaign being done by interested persons is showing visible results in the downtown area. In the left photo, property owned by Raymond Scifres on Southeast Third Street is being cleaned up and the old buildings formerly used by Central Lumber are being torn down, eliminating a fire hazard. In the right photo, a vacant lot at Southeast Third and Southeast A

is being cleaned off. About eight old cars and other rubbish were taken from the lot before the brush and other debris could be piled for hauling away. Ellis West and Jerry Smith are working on the project. Volunteers are badly needed to help. Workdays have been set and anyone who can help should meet at 6 p.m. on Tuesdays and Thursdays at the city barn and on Saturdays at 9 a.m. at Hamlin Restaurant.

**How gas heating
that heats in the winter can be
an air-conditioner
that cools in the summer.**

You already have half a central air conditioning system.

It's a simple matter to install a cooling unit to your gas heating system. You can probably use the furnace blower and ductwork you already have. You'll save up to half the installation costs of starting from scratch.

Temperature control in your home is a year-round proposition, but not an expensive one. We have special rates for gas air conditioning during the summer. And no matter what the season, you pay less for gas than electricity.

Another nice thing about gas central air conditioning is its simplicity. There are fewer moving parts. Fewer breakdowns. Fewer repairs.

Wake up your central gas heating to central gas cooling. You'll sleep better this summer.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(April 23, 1926)

We do not know a thing that makes a farmer's smile bigger and broader than to sit around waiting for it to get "dry enough" to work. And on the other hand there is nothing that makes a fellow more restless than to sit around waiting for it to get "wet enough" to plow or plant. But this week the smile has held sway. For indeed the rains have kept up. Not so heavy as to injure, but to keep on making the moisture go on down. The cold weather has tried several days to come again, but summer is too near to let frost get the best of it now. Just a few days of sunshine will see a great rush of planting all kinds of feed crops and cotton. Conditions are fine as silk right now.

The baseball games scheduled to be played between Hamlin and Wichita Falls here on Wednesday and Thursday were rained out and The Herald is requested to say that these teams will play in Hamlin next Wednesday and Thursday.

Sofar, this season, Hamlin High has only been defeated one time, and that was by Abilene. But the Pied Pipers had given Abilene a good defeat before on the home field here, so that is an even draw.

Since last Friday the Pied Pipers had given Abilene a good defeat before on the home field here, so that is an even draw.

Since last Friday the Pied Pipers took a game from Merkel, 5 to 3, and one from Rule, about 32 to 0. Going some!

TWENTY YEARS AGO
(May 4, 1951)

It is evident that the monthly Dollar Day as planned by the trade extension committee of the Hamlin Chamber of Commerce is not to become a reality.

Sufficient cooperation from the merchants of Hamlin could not be obtained to properly publicize the trade stimulant event and action for the May 9 date had to be deferred.

It is possible that a substitute plan will be offered at a later date when satisfactory preliminary work can be done.

Hamlin's Blue Jays of East Hamlin will play the Breckenridge Tigers this Sunday, according to a report made The Herald.

This will be the fourth game of the season and game time is set for 3:00 p.m. Baseball fans are urged to attend.

A new enterprise for Hamlin is the Lee Drive-Inn which has been opened on West Lake Drive.

O. R. Lee, Hamlin electrician, has installed the new service for Hamlin residents and flourishing business greeted his opening.

Bands of Hamlin schools will make their final public appearance of the year on Tuesday, May 8, at 8:00 P.M. when they will honor the seniors in their group.

The concert will feature a cornet trio and saxophone quartette.

This appearance will mark the final appearance of the band in an outstanding year of progress under the direction of W. P. Chalcraft.

TEN YEARS AGO
(April 27, 1961)

The Hamlin Lions Club and the

Hamlin Rotary Club will hold a joint meeting Wednesday noon. The two clubs will hear a program by a representative of the West Texas Chamber of Commerce.

The Lions will not meet Tuesday of next week.

The local office of the Southwestern Bell Telephone Company will hold open house of their new office building and dial system. The open house will be held from 2 to 5 and 7 to 9 p.m. each of the two days.

The visitors will see the dial telephone switches in action and will watch calls go through the modern dial equipment. They will also be able to hear their own voice just as it sounds on the phone.

There will be a close-up demonstration of what happens when you dial. A long distance demonstration call will be awarded to every 100th visitor.

The Hamlin B&PW Club will serve refreshments during the open house.

The Hamlin dial system was put into operation August 21 of last year and since that time the office building has been remodeled.

The Farmers and Merchants National Bank reported deposits of \$4,959,565.88 on April 12.

A year ago the call was made on March 15 at which time the reported deposits were \$5,539,085.13.

The Rev. L. L. Trott of Abilene will speak at the 11 a.m. services Sunday at the Neinda Baptist church.

And What Have You
By BOB CRAIG

This is just some more of this modern thinking that everyone is wrong but the criminal.

Judge Truman Roberts, Texas Court of Criminal Appeals Justice touched on this subject when he talked at a recent meeting of the West Texas Press Association. He noted that former Attorney General Ramsey Clark claims that crime results from a breakdown in society, and primarily from poverty.

But then he pointed out that Professor Sidney Hooks took issue with Clark in a magazine article arguing that as economic conditions have improved, crime rates have increased, instead of decreased, and that at any economic level, the behavior of most individuals is not criminal. Obviously, poverty is not the only cause of crime.

Judge Roberts pointed out that "whatever be the underlying motivation, one indisputable fact remains: The direct cause of crime is the decision of the criminal to break the law.

"Because we are all endowed with free-will everyone of us makes a decision. For most people, the decision is an easy one...the vast majority of people, at every economic level, live by the law."

To me saying that you are guilty if you leave your keys in your car is about like saying if you don't own anything of value you won't tempt anyone to steal.

I can see that you are less likely to be inconvenienced if you take the keys out of your car but don't tell me I am guilty of leading someone astray if I don't.

Responsibility in the Home" and Gerald Saffel, Pastor of Trinity Baptist Church, Stamford will speak on "The Churches Roll in Today's Home."

FFA Chapter Has Three Judging Teams At Tech

Three judging teams represented the Hamlin FFA Chapter Saturday at the Texas Tech Judging Contests.

The livestock team was composed of Steve Telchelman, Rodney Rackley and Carlos Gonzalez. They placed third out of 138 teams in the swine division. In competition within the Double Mountain FFA District the team placed third.

The dairy cattle team was composed of Kenneth Payne, Rickey Gruben and Oscar

Guerra. They placed second in district competition.

The poultry team was composed of Danny Wood, Johnny Howard and Larry Jayroe.

The teams were accompanied to Lubbock by Chapter advisors T. C. Blankinship and Milburn Wink.

Mr. and Mrs. John Rowland, Melanie and Britt of Lafayette, La., were here this weekend visiting her parents, Mr. and Mrs. Cecil Brown. They were here for dinner Friday evening hosted by Mrs. Brown honoring the hostesses for the tea given for Rebecca Petty of Rotan Saturday. Miss Petty is the bride-elect of the Brown's son, Randy.

Weekend events should be reported to the Herald by noon Monday.

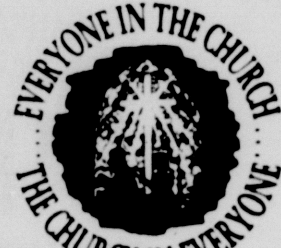

Follow The Signs

Imagine yourself in a train depot in a foreign country, and the signs are in a language unfamiliar to you. You know that the signs are there to direct you, and you try to figure them out, but despite your best efforts you are not sure of your interpretation. The natural thing to do then, is to check with an attendant and have him explain things to you.

The Bible is a sign given to us, and directs us in a pathway of living. Interpreting these directions is not always easy, so the natural thing to do, should be to seek someone to help us. Our churches have many trained personnel who are familiar with the language of the Bible. Attend Church this week and follow God's way of life.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

NEWS FROM...

Sylvester

By MRS R M BABB

We have had some sand storms but our weather is nice so far. Maybe it will rain again soon. I believe there are several people there planting so naturally we are expecting more rain.

Sorry about last week's news but I saw the mail truck broken down late on Monday eve so I was pretty sure that it wouldn't get to Hamlin in time.

We visited the Fisher Co. Nursing home last week and talked to Mr. Claud Cross and Mr. Homer Lawlis. They were both doing well.

In Hamlin Hospital this past week were Mrs. Roy Kiser and Darlene Herron. Both are much better now.

In Hendrick Hospital for surgery this past week were Mr. L. T. Watson and Mrs. F. E. Meek. My last report was they are improving also.

Mr. Edgar Smith fell over an object and broke the small bone in one of his legs but is doing o.k.

Mrs. Tommy Wilson of Meadow drove down to visit with her mother, Gladys Williams and attend the funeral of Mary Gibson.

Our sympathy to the family of Mary Gibson. She will be missed very much.

All people that live in our town and community please take notice, there will be a cemetery working Saturday, May 1, and everyone that has any interest in our community come and bring your hoes, axes, rakes, mowers and be ready to clean the Sylvester Cemetery.

The ladies will bring a covered dish and have lunch at noon. If you can't come then please send a check to the Sylvester Cemetery Fund, Sylvester, Texas 79650. We have hopes of being able to keep our cemetery like it should be kept from now on.

Guests in the Faye Dozier home on Sunday to help celebrate Sonny's birthday were, Mr. and Mrs. Loflin and Mrs. R. M. Meyers, all of Dallas, the Sonny Doziers of Anson, Mrs. Birdie Lee Parker and son Leon of Abilene.

Mr. and Mrs. W. B. Brown spent Sunday afternoon in the Gerald Prather home in Sweetwater.

DELAYED FROM LAST WEEK

We did have rain on Friday and Saturday. We had 2.46 in. and we are very proud of every drop. We may have some more and we can use it.

Mrs. Lavole Dickerson and children went to Seymour with her brother's family and spent all last week.

Mr. and Mrs. Loyd Boren drove to Odessa over the weekend and enjoyed visits with their children there.

The Bartley family of Odessa visited in the Fred Turner home over the weekend.

Mr. and Mrs. Arch Griffin are spending some time in Oklahoma City.

Visiting in the Guy Mauldin home in Midland were the Guy Mauldins of Sylvester.

Master Deshone Douglass has been taking care of his grandmother this past week while his mother is staying with his aunt, Mary Gibson. Lenora says he really sees after her!

LAND BOARD MEET RE-SET School Land Board re-set its oil and gas lease sale for July 6 after learning that the U. S. Corps of Engineers apparently will permit drilling in coastal waters.

May 4 sale of submerged leases on state lands had been cancelled after the Corps declared a moratorium on offshore drilling pending draft of an environmental impact statement.

Land Commissioner Bob Armstrong said the Corps will issue permits while a statement on environment is being drawn. Armstrong said applications will be processed through normal procedures under specified conditions. Nominations for tracts to be sold at the July sale must be in general land office May 14

STATE Capital NEWS

AUSTIN. — Texas is going to have liquor-by-the-drink — and faster than nearly anybody expected.

Legislature completed action on the bill last week, spelling out the machinery for legalized mixed drink sales in open bars, and Gov. Preston Smith promptly signed it into law.

Smith said the measure will have "tremendous impact on the economy of our state" through increasing tourism.

Secretary of State Martin Dies Jr. has sent out instructions to local officials, noting particularly that the bill provides for mandatory local option elections on the drinks issue in 46 counties on May 18.

Counties which must schedule referendums in their "all-wet" areas in connection with the May constitutional amendments vote are those which last November approved lifting the open saloons ban and which contain cities or precincts where "package" sale of distilled spirits already is legal.

Dies cautioned judges and clerks of those counties that they must call local option elections prior to April 28 to assure 20 days' notice. Elections will be held only in areas (precincts and cities) of the 46 counties where sale of all alcoholic beverages is legal. Only in counties where sale of alcoholic beverages is legal countywide will the

May 18 vote be held throughout the county.

These are the counties which will have the liquor-by-the-drink referendums on their May 18 ballots:

Aransas, Austin, Bandera, Bee, Bexar, Brazoria, Calhoun, Cameron, Colorado, Comal, Dallas, DeWitt, Duval, El Paso, Fayette, Fort Bend, Galveston, Gillespie, Goliad, Guadalupe, Harris, Hidalgo, Hudspeth, Jefferson, Jim Wells, Kendall, Kenedy, Kerr, Kinney, Kleberg, LaSalle, Lavaca, Loving, Maverick, Midland, Montgomery, Nueces, Presidio, San Patricio, Starr, Sutton, Tarrant, Travis, Val Verde, Victoria, Washington, Webb, Wharton, Wilson and Zapata.

"It is a relief to have this issue settled in Texas once and for all," commented Smith.

Later elections can be called in other partially-wet counties by the standard petition route.

CRIME FUNDS DISTRIBUTED — More than \$1.5 million in criminal justice actions grants have been approved for 34 projects to combat crime.

Six of the projects are for police training. They include Heart of Texas Council of Governments, Waco, \$29,660; Southwestern Legal Foundation, Dallas, \$24,000; Tarrant County junior college district, \$33,047 for law enforcement supervisory personnel program in data processing.

City of Tyler, \$22,732 to continue operating its career development program through Tyler Law Enforcement Academy; Houston - Galveston Area Council, \$39,935 for regional law enforcement training center; and North Central Texas COG, Arlington, \$5,126 to send 30 officers to an armed robbery conference.

Crime prevention projects on drug education were approved for Texas Department of Corrections, \$52,000 and City of Wichita Falls, \$12,500. Prevention and juvenile delinquency control programs were approved for Texas Rehabilitation Commission, \$39,748; Houston Independent School District, \$15,000; Cameron County, \$64,606 and Central Texas COG, Killeen, \$56,986. City of Port Arthur received \$4,095 and Hardeman County, \$45,600 for projects aimed at improving detection and apprehension of criminals.

most frequently asked questions about drug abuse." When you get it, give the book to your parents as a gift. You'll have a lot to talk about.

Municipal League Says—

Passage of Amendment 4 Would Help Cities Solve Sewage Treatment Problem

Richard D. Brown, executive director of the Texas Municipal League, announced today the Clean Water for Texas Committee's program "to educate and inform Texas voters for passage of Amendment No. 4 on the May 18 ballot."

"Passage of this amendment will provide low-interest loans to cities and other local governmental agencies all over Texas to help them take care of the mounting problems and costs surrounding sewage treatment."

The amendment would authorize the sale of \$100 million in general obligation bonds by the state. Bonds would be issued at an interest rate not to exceed 6%, which would insure their marketability. The proceeds would go to provide low-interest loans for the construction of public sewage treatment facilities.

"Here are the major reasons why every Texan, no matter where he lives, has an interest in the passage of this amendment:

"1. Financial: it will reduce the local tax burden in providing adequate sewage treatment facilities, and it will help bring back almost \$200 million in federal tax money for use in Texas.

"2. Environmental: it will help prevent improperly treated sewage from ruining our rivers, streams, and lakes and endangering the fish and wildlife.

"3. Conservation: it will help preserve one of our most precious natural resources—water.

"4. Public Health: it will help avoid serious health

problems because of inadequate sewage treatment facilities.

"With the many, many problems facing cities and other governments of all sizes, public agencies are finding it difficult, if not impossible, to continue providing new and expanded facilities under the present local-federal program which has local governments paying 67% of the cost of sewage treatment facilities. The federal government now pays just 33% of the cost.

"With help from the clean water amendment, the local share will drop to 45%, and 25% of this would come from the state loan. The federal share would rise to 55%.

"The great incentive to update our sewage treatment facilities would be lost if this amendment is not passed, not to mention the loss of economic assistance to the State with almost \$300 million in jobs from the projects.

"Since about 80 percent of our people, or more than 8.5 million, live in areas that either have now or soon will have inadequate systems for disposing of their sewage, we feel that people must know the facts about the amendment and the specifications that are part of it.

"First, of all, the enabling legislation for this amendment is providing that funds will be used only for the construction of sewage treatment facilities—nothing else. The development of dams and/or reservoirs is not permitted.

"In addition, this proposal has no connection at all with what was known as the Tex-

as Water Plan," Brown said.

"Also, the Federal Environmental Protection Agency, which funds the federal portion, requires that, before a grant is made, an environmental impact statement be issued before each facility is authorized. Any project that adversely affects the environment would not be funded."

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

As you will note elsewhere, the speaker for the All-Sports Banquet Monday evening has been changed. Considering the fact that the change was one of those last-minute things I am glad to see that Coach Deane Wright was able to get Gene Mayfield to speak.

I have not heard Mayfield speak but, as the new West Texas State University Head Coach and one of the most successful high school coaches in Texas, he should be a good choice for a banquet speaker.

I suspect that the fact that Coach Mayfield and Coach Wright played together at WTSU had something to do with his coming on such short notice.

I hope that every sports fan in Hamlin will take the time to go to this banquet Monday.

The athletic program needs your support and the boys and girls who spend countless hours working to improve themselves need your encouragement. It takes an awful lot of work to build a winner and high school kids are no different from anyone else — they need encouragement.

These kids are smart enough to see that the other students get to leave at 3 every day to do whatever they want to do. It takes a lot of desire and the will to win to stick it out day after day and they need the support of the parents and fans to make it all seem worthwhile.

See you at the banquet Monday.

Being in the newspaper business we hear a lot of rumors that make the rounds. Some of these check out and aren't really what you would call rumors and then there are those that you can not find any reason for them having gotten started in the first place.

One of these rumors making the rounds now is the one about a list of drug users in Hamlin that is supposed to be in the hands of school officials but no action is being taken about those involved.

The funny thing about this rumor and many more like it is that the same rumor is making the rounds in other towns around here. In the case of the drug list the school officials of Aspermont issued a statement last week saying that "the rumor of an alleged list of boys and girls who are using narcotics is just a rumor and no such list exists to our knowledge."

In Aspermont the list was supposed to have been in the office of the principal and the FBI was supposed to have checked lockers in the high school and had cameras on the roof of the school.

A check here reveals that the rumors here have about the same status as those making the rounds at Aspermont—they are unfounded.

This past weekend we had an unfortunate accident that involved a stolen pickup that was run into a house. Like too many of us, the owner of the pickup had left the keys in the truck making it too easy for the one who "borrowed" the truck.

And if you would believe some of the messages on TV and some of the information put out by different organizations you might get the impression that the owner of the truck is more guilty than the person who stole it.

I just can not buy this kind of thinking.

Sure, I will admit that it likely would not have happened if the person who "borrowed" the pickup had not been able to find a vehicle with the keys in it. And because of this it is by far better not to leave your keys in your car — then it will not likely happen to you.

But as for this idea that you are leading someone astray by leaving your keys in your car I disagree.

STOLEN TRUCK HITS HOUSE — A welding truck owned by David Epley was stolen from his residence at 413 Southwest Third about 1:15 a.m. Saturday and ended up shortly thereafter crashed into the front of the home of Mrs. Ella Patterson, 36 Southwest Ave. D. The incident was investigated by City Patrolmen D. W. Gillilan, Harvey Harendt and Homer Dill.

Band Wins Sweepstakes

The Hamlin High School Band received a sweepstakes award in UIL competition held Tuesday in Cooper High School in Abilene.

The Sweepstakes honor was earned with a Division I rating in concert and sight-reading Tuesday and Division I on marching last fall.

The group played Tuesday for panels of three judges each in concert and sight-reading.

The event is sponsored by the Pied Piper Booster Club.

Coach Mayfield was contacted this week when it was learned that Bobby Maples, center for the Houston Oilers, was unable to fulfill the engagement.

Mayfield, one of the most outstanding quarterbacks in the history of West Texas State University returned to the university after earning great distinction as a coach at three Texas high schools. In 17 years his teams never had a losing season and they won one state championship and reached the finals on three occasions.

His 17-year high school coaching record shows 166

victories and only 35 defeats.

He was assistant coach at WTSU after graduation, then coached in Littlefield and then in Borger before going to Odessa Permian where he has been the past six years. While in Odessa his teams won 72 and lost only 10. In 1965, his first year, Permian won the state championship. In 1968 and again this past season, Permian lost to Austin Reagan in the championship game.

He is married to the former Mary Jean Hoover and they have one daughter and two sons.

Mayfield will be introduced by Hamlin Athletic Director Deane Wright who played football at WTSU with Mayfield.

Rev. Howard Jones, pastor of First Baptist Church, will be the master of ceremonies.

The invocation will be given by Gene Johnston, minister of the Hamlin Church of Christ.

More than 90 athletes will be honored at the banquet. These include students that have participated in football, basketball, tennis, golf and track. The coaches will introduce the honorees.

H. L. Ford, Pied Piper Booster Club president, and James E. Rodgers, incoming president, will recognize the booster club officers.

Special awards will be presented by Coach Wright. Rev. Marshall Stewart will give the benediction.

Tickets are on sale for \$2 each at Howard Drug, Waggoner Drug and Reynold's Drug and from several booster club members. Anyone wishing to purchase a ticket and has not been contacted may call 576-3606 or 576-2356.

Rodgers is serving as general chairman. Others on the planning committee are Raymond Scifres, Wright, Mrs. Bob Craig and Mrs. Melvin Scott.

This is Hamlin's first sports related banquet open to the public. All sports fans are invited to attend.

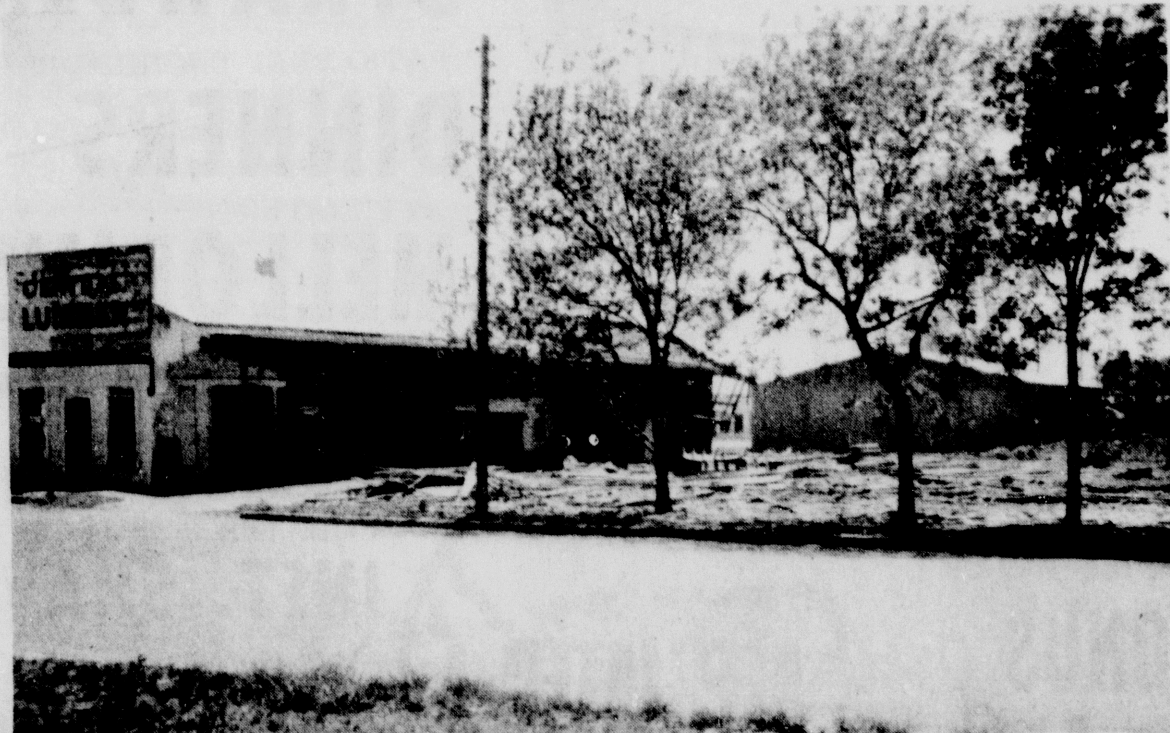

Hamlin Gin Sets Meeting Tonight

Watts Fletcher, manager of Hamlin Farmers Coop Gin, urges all stockholders to attend the annual meeting at the high school cafetorium this evening (Thursday) at 7:30.

He reports a total of 6595 bales ginned during the 1970 season and that the gin is returning cash dividends to the patrons in the amount of \$84,000.

FINALISTS — The three finalists in the Sweetheart Contest held Tuesday evening are from left, Shelley Holtz, Hamlin, Annette Brown, Stamford, and Jimmie Laurie, Roby. Miss Brown was named Double Mountain District FFA sweetheart and will represent the district at the Area II meeting. Miss Laurie was runner-up.

FIRE HAZARDS REMOVED — Work in the current clean-up campaign being done by interested persons is showing visible results in the downtown area. In the left photo, property owned by Raymond Scifres on Southeast Third Street is being cleaned up and the old buildings formerly used by Central Lumber are being torn down, eliminating a fire hazard. In the right photo, a vacant lot at Southeast Third and Southeast A

is being cleaned off. About eight old cars and other rubbish were taken from the lot before the brush and other debris could be piled for hauling away. Ellis West and Jerry Smith are working on the project. Volunteers are badly needed to help. Workdays have been set and anyone who can help should meet at 6 p.m. on Tuesdays and Thursdays at the city barn and on Saturdays at 9 a.m. at Hamlin Restaurant.

Also accompanying the girls was Mrs. Donley Williams.

Wedding Hints ..

If a wedding is being planned, these pointers on deadlines will aid in getting complete coverage of the event in the Hamlin Herald.

Two pictures of the bride will be used, a one column with the engagement story (if announced six weeks or more prior to the wedding) and a two column with the wedding story.

A billfold size black and white picture is adequate for the picture published with the engagement announcement.

The wedding picture should be a 5 x 7 or 8 x 10 black and white print. This needs to be turned in with the wedding information to the

Herald office on Tuesday preceding the date of the wedding or no later than Monday immediately following the wedding.

Information and picture received three weeks after the event will not be published.

If the bride chooses, she may have a picture taken at a tea or shower instead of the wedding picture. A sharp black and white print must be in the Herald office by Tuesday morning immediately following the event.

Information blanks for engagements, weddings and anniversaries are available at the Herald office.

**How gas heating
that heats in the winter can be
an air-conditioner
that cools in the summer.**

You already have half a central air conditioning system.

It's a simple matter to install a cooling unit to your gas heating system. You can probably use the furnace blower and ductwork you already have. You'll save up to half the installation costs of starting from scratch.

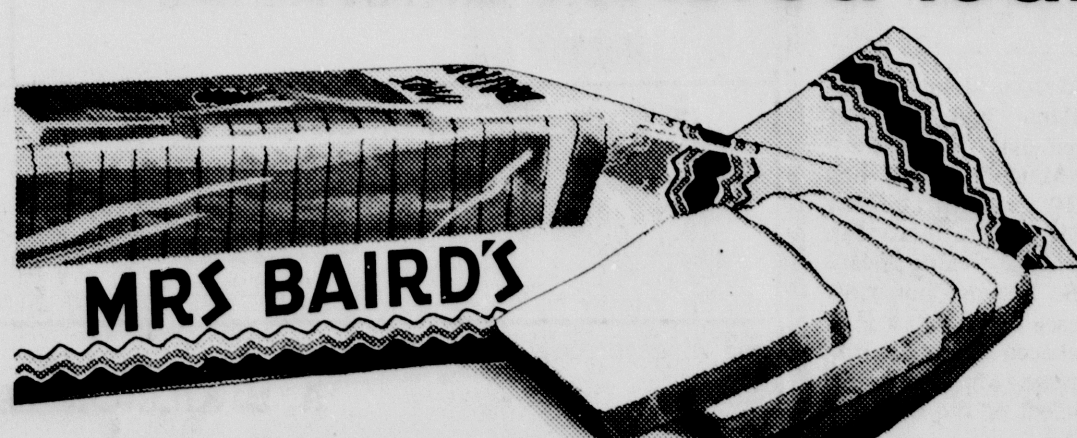

Temperature control in your home is a year-round proposition, but not an expensive one. We have special rates for gas air conditioning during the summer. And no matter what the season, you pay less for gas than electricity.

Another nice thing about gas central air conditioning is its simplicity. There are fewer moving parts. Fewer breakdowns. Fewer repairs.

Wake up your central gas heating to central gas cooling. You'll sleep better this summer.

The hand-twisted loaf.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(April 23, 1926)

We do not know a thing that makes a farmer's smile bigger and broader than to sit around waiting for it to get "dry enough" to work. And on the other hand there is nothing that makes a fellow more restless than to sit around waiting for it to get "wet enough" to plow or plant. But this week the smile has held sway. For indeed the rains have kept up. Not so heavy as to injure, but to keep on making the moisture go on down. The cold weather has tried several days to come again, but summer is too near to let frost get the best of it now. Just a few days of sunshine will see a great rush of planting all kinds of feed crops and cotton. Conditions are fine as silk right now.

The baseball games scheduled to be played between Hamlin and Wichita Falls here on Wednesday and Thursday were rained out and The Herald is requested to say that these teams will play in Hamlin next Wednesday and Thursday.

Sofar, this season, Hamlin High has only been defeated one time, and that was by Abilene. But the Pied Pipers had given Abilene a good defeat before on the home field here, so that is an even draw.

Since last Friday the Pied Pipers had given Abilene a good defeat before on the home field here, so that is an even draw.

Since last Friday the Pied Pipers took a game from Merkel, 5 to 3, and one from Rule, about 32 to 0. Going some!

TWENTY YEARS AGO
(May 4, 1951)

It is evident that the monthly Dollar Day as planned by the trade extension committee of the Hamlin Chamber of Commerce is not to become a reality.

Sufficient cooperation from the merchants of Hamlin could not be obtained to properly publicize the trade stimulant event and action for the May 9 date had to be deferred.

It is possible that a substitute plan will be offered at a later date when satisfactory preliminary work can be done.

Hamlin's Blue Jays of East Hamlin will play the Breckenridge Tigers this Sunday, according to a report made The Herald.

This will be the fourth game of the season and game time is set for 3:00 p.m. Baseball fans are urged to attend.

A new enterprise for Hamlin is the Lee Drive-Inn which has been opened on West Lake Drive.

O. R. Lee, Hamlin electrician, has installed the new service for Hamlin residents and flourishing business greeted his opening.

Bands of Hamlin schools will make their final public appearance of the year on Tuesday, May 8, at 8:00 P.M. when they will honor the seniors in their group.

The concert will feature a cornet trio and saxophone quartette.

This appearance will mark the final appearance of the band in an outstanding year of progress under the direction of W. P. Chalcraft.

TEN YEARS AGO
(April 27, 1961)

The Hamlin Lions Club and the

Hamlin Rotary Club will hold a joint meeting Wednesday noon. The two clubs will hear a program by a representative of the West Texas Chamber of Commerce.

The Lions will not meet Tuesday of next week.

The local office of the Southwestern Bell Telephone Company will hold open house of their new office building and dial system. The open house will be held from 2 to 5 and 7 to 9 p.m. each of the two days.

The visitors will see the dial telephone switches in action and will watch calls go through the modern dial equipment. They will also be able to hear their own voice just as it sounds on the phone.

There will be a close-up demonstration of what happens when you dial. A long distance demonstration call will be awarded to every 100th visitor.

The Hamlin B&PW Club will serve refreshments during the open house.

The Hamlin dial system was put into operation August 21 of last year and since that time the office building has been remodeled.

The Farmers and Merchants National Bank reported deposits of \$4,959,565.88 on April 12.

A year ago the call was made on March 15 at which time the reported deposits were \$5,539,085.13.

The Rev. L. L. Trott of Abilene will speak at the 11 a.m. services Sunday at the Neinda Baptist church.

And What Have You
By BOB CRAIG

This is just some more of this modern thinking that everyone is wrong but the criminal.

Judge Truman Roberts, Texas Court of Criminal Appeals Justice touched on this subject when he talked at a recent meeting of the West Texas Press Association. He noted that former Attorney General Ramsey Clark claims that crime results from a breakdown in society, and primarily from poverty.

But then he pointed out that Professor Sidney Hooks took issue with Clark in a magazine article arguing that as economic conditions have improved, crime rates have increased, instead of decreased, and that at any economic level, the behavior of most individuals is not criminal. Obviously, poverty is not the only cause of crime.

Judge Roberts pointed out that "whatever be the underlying motivation, one indisputable fact remains: The direct cause of crime is the decision of the criminal to break the law."

"Because we are all endowed with free-will everyone of us makes a decision. For most people, the decision is an easy one...the vast majority of people, at every economic level, live by the law."

To me saying that you are guilty if you leave your keys in your car is about like saying if you don't own anything of value you won't tempt anyone to steal.

I can see that you are less likely to be inconvenienced if you take the keys out of your car but don't tell me I am guilty of leading someone astray if I don't.

Responsibility in the Home" and Gerald Saffel, Pastor of Trinity Baptist Church, Stamford will speak on "The Churches Roll in Today's Home."

FFA Chapter Has Three Judging Teams At Tech

Three judging teams represented the Hamlin FFA Chapter Saturday at the Texas Tech Judging Contests.

The livestock team was composed of Steve Teichelman, Rodney Rackley and Carlos Gonzalez. They placed third out of 138 teams in the swine division. In competition within the Double Mountain FFA District the team placed third.

The dairy cattle team was composed of Kenneth Payne, Rickey Gruben and Oscar

Guerra. They placed second in district competition.

The poultry team was composed of Danny Wood, Johnny Howard and Larry Jayroe.

The teams were accompanied to Lubbock by Chapter advisors T. C. Blankinship and Milburn Wink.

Mr. and Mrs. John Rowland, Melanie and Britt of LaFayette, La., were here this weekend visiting her parents, Mr. and Mrs. Cecil Brown. They were here for dinner Friday evening hosted by Mrs. Brown honoring the hostesses for the tea given for Rebecca Petty of Rotan Saturday. Miss Petty is the bride-elect of the Brown's son, Randy.

Weekend events should be reported to the Herald by noon Monday.

Follow The Signs

Imagine yourself in a train depot in a foreign country, and the signs are in a language unfamiliar to you. You know that the signs are there to direct you, and you try to figure them out, but despite your best efforts you are not sure of your interpretation. The natural thing to do then, is to check with an attendant and have him explain things to you.

The Bible is a sign given to us, and directs us in a pathway of living. Interpreting these directions is not always easy, so the natural thing to do, should be to seek someone to help us. Our churches have many trained personnel who are familiar with the language of the Bible. Attend Church this week and follow God's way of life.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

TALENT WINNERS — The Roadrunners of Rotan were first place winners in the Talent Contest held at the annual Double Mountain District Future Farmers of America banquet held at Hamlin High School Cafetorium Tuesday evening. From left, standing, are Clay Helms, Terry McCombs, Robert Roberts, Mike Cade and seated, Joe Murphree. Second place winner, not pictured, who will also represent the district at at Area II competition was Mike Donnelly of Hawley.

AUSTIN. — Texas is going to have liquor-by-the-drink — and faster than nearly anybody expected.

Legislature completed action on the bill last week, spelling out the machinery for legalized mixed drink sales in open bars, and Gov. Preston Smith promptly signed it into law.

Smith said the measure will have "tremendous impact on the economy of our state" through increasing tourism.

Secretary of State Martin Dies Jr. has sent out instructions to local officials, noting particularly that the bill provides for mandatory local option elections on the drinks issue in 46 counties on May 18.

Counties which must schedule referendums in their "all-wet" areas in connection with the May constitutional amendments vote are those which last November approved lifting the open saloons ban and which contain cities or precincts where "package" sale of distilled spirits already is legal.

Dies cautioned judges and clerks of those counties that they must call local option elections prior to April 28 to assure 20 days' notice. Elections will be held only in areas (precincts and cities) of the 46 counties where sale of all alcoholic beverages is legal. Only in counties where sale of alcoholic beverages is legal countywide will the

May 18 vote be held throughout the county.

These are the counties which will have the liquor-by-the-drink referendums on their May 18 ballots:

Aransas, Austin, Bandera, Bexar, Bexar, Brazoria, Calhoun, Cameron, Colorado, Comal, Dallas, DeWitt, Duval, El Paso, Fayette, Fort Bend, Galveston, Gillespie, Goliad, Guadalupe, Harris, Hidalgo, Hudspeth, Jefferson, Jim Wells, Kendall, Kenedy, Kerr, Kinney, Kleberg, LaSalle, Lavaca, Loving, Maverick, Midland, Montgomery, Nueces, Presidio, San Patricio, Starr, Sutton, Tarrant, Travis, Val Verde, Victoria, Washington, Webb, Wharton, Wilson and Zapata.

"It is a relief to have this issue settled in Texas once and for all," commented Smith.

Later elections can be called in other partially-wet counties by the standard petition route.

CRIME FUNDS DISTRIBUTED — More than \$15 million in criminal justice actions grants have been approved for 34 projects to combat crime.

Six of the projects are for police training. They include Heart of Texas Council of Governments, Waco, \$29,690; Southwestern Legal Foundation, Dallas, \$24,000; Tarrant County junior college district, \$33,047 for law enforcement supervisory personnel program in data processing.

City of Tyler, \$22,732 to continue operating its career development program through Tyler Law Enforcement Academy; Houston - Galveston Area Council, \$39,935 for regional law enforcement training center; and North Central Texas COG, Arlington, \$5,126 to send 30 officers to an armed robbery conference.

Crime prevention projects on drug education were approved for Texas Department of Corrections, \$52,000 and City of Wichita Falls, \$12,500. Prevention and juvenile delinquency control programs were approved for Texas Rehabilitation Commission, \$39,748; Houston Independent School District, \$15,000; Cameron County, \$64,606 and Central Texas COG, Killeen, \$56,986. City of Port Arthur received \$4,095 and Hardeman County, \$43,600 for projects aimed at improving detection and apprehension of criminals.

CONGRATULATIONS HAMLIN !!!

I have watched with interest and inspiration the undertakings and the successful completion of several vital projects by your town, namely, the airport, the cleanup campaign, and several others of equal importance.

You have proven and are proving that this is still a pretty nice place to live. Not because there are no problems and that here is total Utopia; but in spite of obstacles that are nearly insurmountable it seems to be giving you a chance to exercise your faith in your fellowman and in yourselves. You are a proud people and we at JACKSON'S Body Shop in Anson share with you the pride, the honor and the achievement of so determined a municipality.

We have had some sand storms but our weather is nice so far. Maybe it will rain again soon. I believe there are several people planting so naturally we are expecting more rain.

Sorry about last week's news, but I saw the mail truck broken down late on Monday eve so I was pretty sure that it wouldn't get to Hamlin in time.

We visited the Fisher Co. Nursing home last week and talked to Mr. Claud Cross and Mr. Homer Lawlis. They were both doing well.

In Hamlin Hospital this past week were Mrs. Roy Kiser and Darlene Herron. Both are much better now.

In Hendrick Hospital for surgery this past week were Mr. L. T. Watson and Mrs. F. E. Meek. My last report was they are improving also.

Mr. Edgar Smith fell over an object and broke the small bone in one of his legs but is doing o.k.

Mrs. Tommy Wilson of Meadow drove down to visit with her mother, Gladys Williams and attend the funeral of Mary Gibson.

Our sympathy to the family of Mary Gibson. She will be missed very much.

All people that live in our town and community please take notice, there will be a cemetery working Saturday, May 1, and everyone that has any interest in our community come and bring your hoes, axes, rakes, mowers and be ready to clean the Sylvester Cemetery.

The ladies will bring a covered dish and have lunch at noon. If you can't come then please send a check to the Sylvester Cemetery Fund, Sylvester, Texas 79650. We have hopes of being able to keep our cemetery like it should be kept from now on.

LAND BOARD MEET RE-SET — School Land Board reset its oil and gas lease sale for July 6 after learning that the U. S. Corps of Engineers apparently will permit drilling in coastal waters.

May 4 sale of submerged leases on state lands had been cancelled after the Corps declared a moratorium on offshore drilling pending draft of an environmental impact statement.

Land Commissioner Bob Armstrong said the Corps will issue permits while a statement on environment is being drawn. Armstrong said applications will be processed through normal procedures under specified conditions. Nominations for tracts to be sold at the July sale must be in general land office May 14

When it comes to the drug scene, a lot of parents really don't know what's happening—as you may be able to see by their answers to their questions. You can help them get the facts by sending for the Federal source book "Answers to the

most frequently asked questions about drug abuse." When you get it, give the book to your parents as a gift. You'll have a lot to talk about.

We've written a booklet that might help that talk. It's called "Answers to the most frequently asked questions about drug abuse." It won't make you an expert, but it will give you some important answers.

Send for the booklet. Read it. Talk with your child. It's important—for you both.

Municipal League Says—

Passage of Amendment 4 Would Help Cities Solve Sewage Treatment Problem

Richard D. Brown, executive director of the Texas Municipal League, announced today the Clean Water for Texas Committee's program "to educate and inform Texas voters for passage of Amendment No. 4 on the May 18 ballot.

"Passage of this amendment will provide low-interest loans to cities and other local governmental agencies all over Texas to help them take care of the mounting problems and costs surrounding sewage treatment."

The amendment would authorize the sale of \$100 million in general obligation bonds by the state. Bonds would be issued at an interest rate not to exceed 6%, which would insure their marketability. The proceeds would go to provide low-interest loans for the construction of public sewage treatment facilities.

"Here are the major reasons why every Texan, no matter where he lives, has an interest in the passage of this amendment:

"1. Financial: it will reduce the local tax burden in providing adequate sewage treatment facilities, and it will help bring back almost \$200 million in federal tax money for use in Texas.

"2. Environmental: it will help prevent improperly treated sewage from ruining our rivers, streams, and lakes and endangering the fish and wildlife.

"3. Conservation: it will help preserve one of our most precious natural resources — water.

"4. Public Health: it will help avoid serious health

problems because of inadequate sewage treatment facilities.

"With the many, many problems facing cities and other governments of all sizes, public agencies are finding it difficult, if not impossible, to continue providing new and expanded facilities under the present local-federal program which has local governments paying 67% of the cost of sewage treatment facilities. The federal government now pays just 33% of the cost.

"With help from the clean water amendment, the local share will drop to 45%, and 25% of this would come from the state loan. The federal share would rise to 55%.

"The great incentive to update our sewage treatment facilities would be lost if this amendment is not passed, not to mention the loss of economic assistance to the State with almost \$300 million in jobs from the projects.

"Since about 80 percent of our people, or more than 8.5 million, live in areas that either have now or soon will have inadequate systems for disposing of their sewage, we feel that people must know the facts about the amendment and the specifications that are part of it.

"First, of all, the enabling legislation for this amendment is providing that funds will be used only for the construction of sewage treatment facilities — nothing else. The development of dams and/or reservoirs is not permitted.

"In addition, this proposal has no connection at all with what was known as the 'Tex-

as Water Plan," Brown said.

"Also, the Federal Environmental Protection Agency, which funds the federal portion, requires that, before a grant is made, an environmental impact statement be issued before each facility is authorized. Any project that adversely affects the environment would not be funded."
